

CHANGE THE CHANGE

BOOK TALKS

DEAF REACH

After the book talk, students were tasked with proposing policy changes to address climate change in Pakistan. Each student presented one idea, which included:

- **Recycling Plastics:** Implementing plastic recycling initiatives to reduce environmental pollution.
- **Tree Plantation Initiatives:** Fostering collaboration with the government for tree plantation programs to combat deforestation.
- **Filtration System:** Introducing filtration systems in water treatment plants to improve water quality and access.

LAHORE COLLEGE OF ARTS AND SCIENCES
